

ASAP Global Sourcing Show

No	Content	Description
01	Fair Name	ASAP Global Sourcing Show
02	Location	Las Vegas Venetian Resort Hotel Casino, Las Vegas, United States Of America
03	Overview	<p>The ASAP Global Sourcing Show, the authority in global sourcing, features the top 5% full-package, overseas apparel manufacturers showcasing their production (sourcing, contract manufacturing, outsourcing) capabilities to international buyers all under one roof.</p> <p>Held twice a year, ASAP has become known in the U.S. apparel industry as the premier sourcing show and one-stop marketplace for sourcing apparel overseas. Featuring hundreds of manufacturers of men's, women's, children's apparel, textiles, and leather from all over the world, ASAP also features its unique Match Making Sessions and Educational Seminars on U. S. Wholesale & Retail Buying plans, as well as the opportunities in selling to China & India, innovative financing, labeling and quality assurance.</p> <p>ASAP Show has changed its focus and direction. Based on the past 16 show experience and being the sourcing authority, we have found out that the buyers need to have one stop shopping and accountability. This means buyers want to have a company in the U.S. that will be responsible for the merchandise quality. In addition, overseas manufacturers desperately need a local U.S. factory representative to represent their company. ASAP (Apparel Sourcing Association Pavilion) Global Sourcing Show is known as regarded as a premier trade show of the apparel industry since its launch in 2002. The show brings all the leading apparel manufacturers under one roof at one place. The strong presence of Apparel Sourcing Association has fetched strong recognition for the show. The trade show displays a wide range of men's, women's and children apparels.</p>
