

The Sri Lanka Export Development Board (EDB) signed a Memorandum of Understanding with the Sri Lanka Institute of Nanotechnology (SLINTEC) on 12th January 2016.

What can the SLINTEC-EDB collaboration do for an exporter like me?

- Create new value through the creation of novel products.
- Solve problems with existing products.
- Add value to the natural resources you deal with.
- Support process improvements within your existing pipelines.
- Provide material characterization and analytical/testing services.
- Synthesize active pharmaceutical ingredients.

Who is SLINTEC ?

SLINTEC specializes in research and development to make Sri Lankan Products more globally competitive and add value to natural resources. The company was established as a public-private partnership between the government of Sri Lanka and six leading private sector companies. SLINTEC currently focuses on 5 primary areas of research: Agriculture, Apparel, Water Purification, Healthcare and Mineral Resources but SLINTEC's R&D has by no means been limited to these.

How do I get in touch with SLINTEC?

Make an appointment for our 'Science Clinic' and come see us at the EDB to discuss potential research opportunities!

To make an appointment please call 0114-650507 or e-mail us at edb@slintec.lk

WE LOOK FORWARD TO HEARING FROM YOU!
