Academic and Corporate
Collaboration to Improve
Construction, Power &
Engineering Services for the
International Market

PROGRAMME:

EDB in collaboration with the University of Moratuwa wish to facilitate the private sector companies to improve their product development phase through R&D. In this context we are looking at sub sectors of the construction and power and energy services, such as Electrical, Mechanical and Energy sector (EMP), Civil Constructions, prototype and IT related. It is expected to facilitate private sector companies to develop their product development phase and resolve their technical issues through R&D and consultancy by the University to make the productions more innovative, efficient, compatible and competitive in the international market.

EVALUATION & IMPLEMENTATION PROCESS:

The EDB and the University of Moratuwa will evaluate the industry proposals by an appointed expert committee and the implementation will be by the University of Moratuwa in association with the relevant private sector companies who are selected.

Signing of a MoU between all parties (EDB, University and the company) will be decided upon the nature of the proposals and its financial obligations (if any).

STRUCTURE OF THE PROPOSAL:

The interested companies are invited to submit their proposals on the product development phases related to research on the following sub sectors of the construction and power and energy services; Electrical, Mechanical and Energy sector (EMP), Civil Constructions, prototype and IT related. Please submit your proposal as per the given format and the finalized proposals (scanned copies) should be submitted to EDB via email (indumini@edb.gov.lk; kumudu@edb.gov.lk)

CONTACT DETAILS OF THE EDB

Please feel free to contact Ms. Indumini Kodikara, Director, Export Services or Ms. Kumudini Irugalbandara, Assistant Director of Export Services Division on 2300723 /Emails: indumini@edb.gov.lk; kumudu@edb.gov.lk

O BJ EC TI VE S
