

SOURCIHUB

S O U R C I N G S I M P L I F I E D

About SourciHub

SourciHub was born with the urge to help businesses react to fast-changing global sourcing conditions by bringing the best of worldwide manufacturing to you. Simply put, sourcing is the process of selecting suppliers to provide the goods and services you need to run your business. It may sound uncomplicated, but the process can be complex. We offer a unique combination of expertise as both a supplier and a manufacturer, providing an end-to-end service for businesses across the world, from entrepreneurial startups to global corporations.

SourciHub provides companies a competitive edge through the ability in international trading, global sourcing and supply chain management which connect global businesses with world class manufacturers and suppliers

Based in Sri Lanka, the strategic hub in the silk route, with presence in Sydney- Australia, SourciHub utilizes the global supply chain and shipping infrastructure to streamline significant product sourcing at unrivalled speed. Specializing in global manufacturing and product sourcing solutions, we are a team of proven professionals dedicated to helping companies with their product-sourcing needs..

Why Choose Us?

SIMPLE

We offer one-stop service for all commercial product sourcing. The result is more simplified, value added and cost-effective 'factory-direct' service. Our processes will take care of everything leaving you with complete peace of mind. It's that simple.

COST SAVINGS

Our competitive pricing aids in achieving better savings with compared to other international services. Due to our long-term relationships around the globe and regular buying volumes, our team can negotiate pricing effectively with suppliers to obtain the best possible price and outcome for you.

FAST & RELIABLE SERVICE

Sourcihub helps companies bring products to life faster. We put the customer at the heart of our business to build trust and understanding. We are determined to deliver the best customer service of the highest possible standards, maintaining confidentiality and meeting your deadlines.

IP PROTECTED & QUALITY COMPLIANCE READY

We protect your IP with legal agreement before we pass your product and design to manufacturers. We work with ISO, GAP, GMP, HACCP, Organic, Fair Trade certified manufactureres that we can pass the certification under your lable in correct manner

Our sourcing and procurement operations entail all activities that are core to delivering value for our client. These days, strategic sourcing requires unique tools and skills to process the living and ever increasing data stream. With the application of more advanced sourcing methods, companies have improved their capability to obtain measurable and thorough supplier performance that is directly associated with increased cost savings

Our Values

QUOTATIONS

We provide our expertise service in request for quotation (RfQ); a business process in which a company or public entity requests a quote from a supplier for the purchase of specific products or services. When a customer requests for a quotation (RFQ) through us, SourciHub provides quotations considering the customized requirements, through the existing global supplier base of SourciHub

PRIVATE LABELING

SourciHub offer a full suite of services that can support you in private labeling. Our private label service helps ensure that your products will meet consumer expectations when placed on store shelves.

SourciHub team will work with you every step of the way—from concept to completion—to help optimize your products prelaunch, saving you time and money in the long run. When working with us, you can be sure that we'll help reinforce consumer confidence in the quality and safety of your private label products. Additionally, we use recognized test methods to help verify that your store brand and private label products comply with recognized local and international standards

FULLFILLMENT CENTER

Our fulfillment service enable ecommerce merchants to outsource warehousing and shipping. We are optimized for big quantity of small volume orders. SourciHub process both business-to business (B2B) orders typically a high volume of product that is sent to a big-box retailer as well as business to consumer (B2C) orders, which are shipped directly to an individual consumer's home. Our company maintains our business's inventory which will be stored strategically in a 3PL's fulfillment center in preparation for fulfilling customer orders.

PRODUCT DEVELOPMENT

From market research, ideation, concept generation, designing, sampling, design phase etc. and all the way through and ending with the product's introduction to the market, SourciHub handles and provides a complete customized end-to-end product development service. Your product strategy, your vision, and your goals matter to us and we're in it for the long haul with you.

SOURCING/ BUYING AGENT

SourciHub will be your sourcing agents/buying agents, acting as a third party providers that contract to locate high-quality manufacturers in your home nation on your behalf.

Global Sourcing

SourciHub aims in simplifying global sourcing from purchasing raw materials, components, or services from companies outside your home country. In a flat world, we source raw materials from wherever they can be obtained for the best price and the highest quality.

Importation & Exportation

SourciHub help customers comply with import and export requirements, assisting smooth customs clearance.

Crossing country borders makes the shipping process more complex. Experts at SourciHub simplify importing and exporting, so you can speed up shipping time and customs clearance, ensure compliance with trade regulations, and rest easy knowing sensitive information is protected--from the moment you start creating your shipment through its transit and delivery.
