N-able Core Solution Areas

Telecom
Infrastructure & Services

Cyber Security

Application Integration

Banking Solutions

Internet of Things

IT Systems

Data Management

Automation

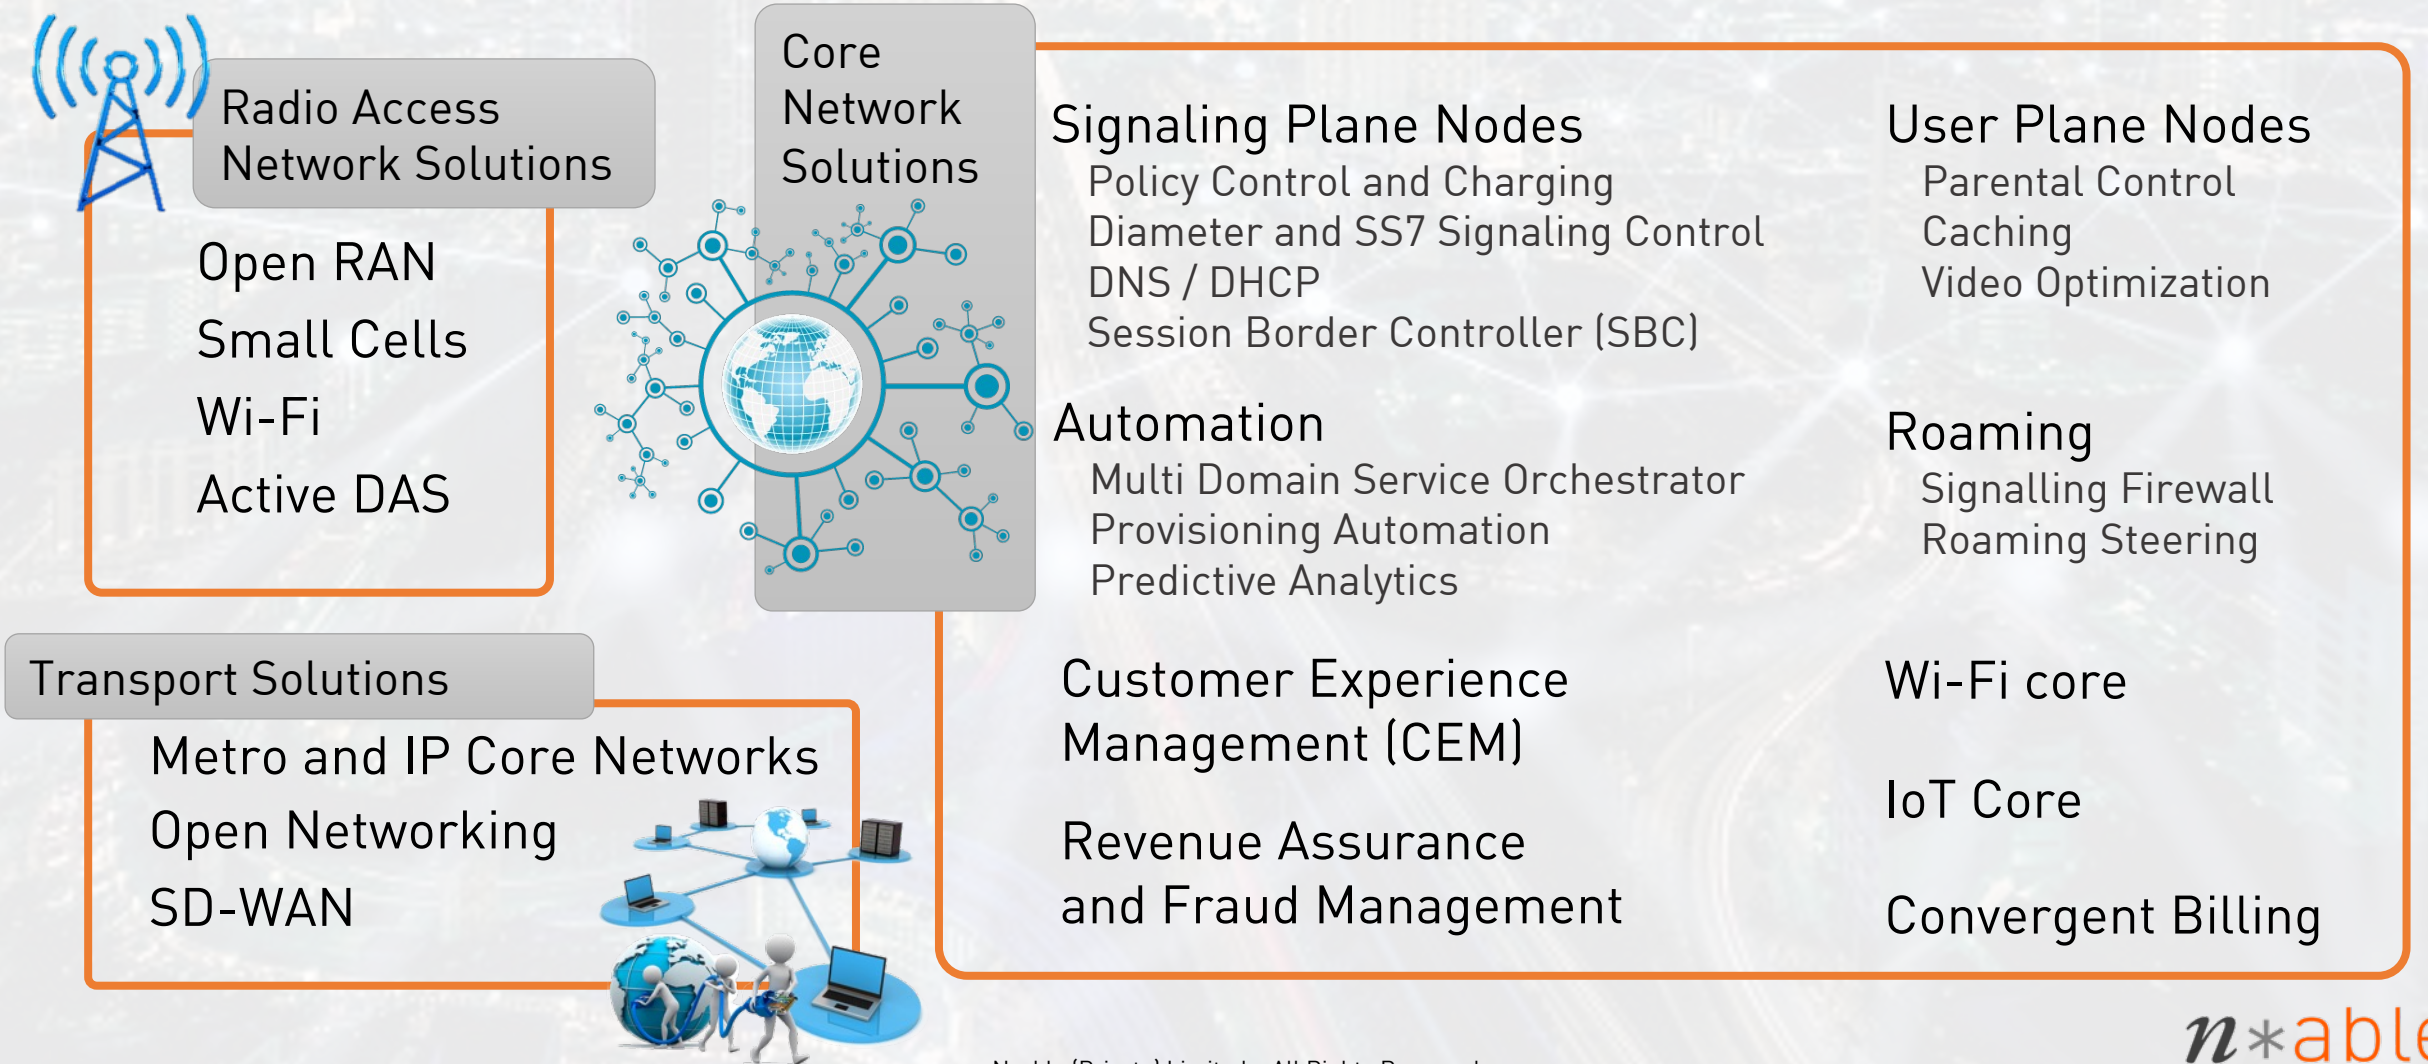

Data Center
Consultancy & Build Up

Extra Low Voltage

N-able Telecom Infrastructure Solutions & Services

N-able Telecom Infrastructure Solutions & Services (cont.)

Other Telecom Services

IPTV and Mobile TV

Middleware

STBs

Encoders

Decoders

Rich Communication Suite

Chatbot

Voice over Wi-Fi

Social Media Omni Channel

Selfcare Mobile App and Portal

Unified Communication

PRBT

N-able IT System Solutions

On-Prem Server and Storage Customization

Intel based Servers

DellEMC | HPE | Lenovo | Cisco

Storage Solutions

DellEMC | IBM | HPE | Lenovo

Software Defined Storage Solutions

DellEMC PowerFlex (ScaleIO) | vSAN

IBM Power Server AIX Solutions

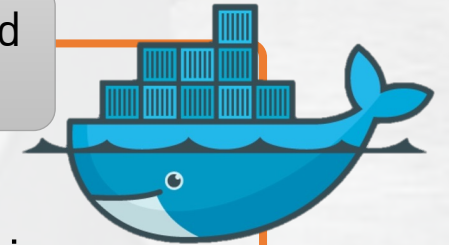

Server/Network Virtualization, Cloud Platform and Containerization

VMWare based Solutions

Microsoft Hyper-V based Solutions

AWS and Azure IaaS based Solutions

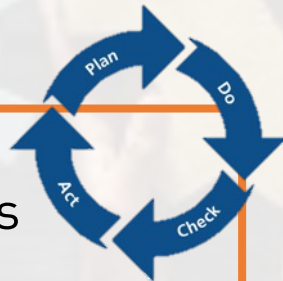

Redhat OpenShift

Business Continuity Solutions

Disaster Recovery Solutions

Backup and Recovery Solutions

Middleware Solutions

Database Solutions

IBM DB2 | MS-SQL | Oracle

IBM WebSphere Solutions

Redhat Jboss Solutions

N-able IT System Solutions (cont.)

Enterprise & DC Networking Solutions

Software Defined Data Center Networks

Cisco ACI

Enterprise Networks

LAN | WLAN | WAN | SDWAN

Network Behavioural Analytics

Cisco Secure Workload

Collaboration Solutions

IP Telephony | Contact Center |
Video Conferencing | Billing | Call Recording

Network Automation

Policy Optimization for Network

Infrastructure Application Solutions

Network Management Solutions

Application Performance Manager Solutions

IT Service Management

Active Directory / Endpoint Management Solutions

N-able Cyber Security Solutions

Web Application Firewall

Database Firewall

Next Generation Firewall

Security Information & Event Management

Privilege Access Management

Secure Web Gateways

Web/Email Isolation

File Integrity Monitoring

Vulnerability and Patch Management

Network Security Policy Management

Data Classification & Data Leakage Prevention

Digital Rights Management

N-able Cyber Security Solutions (cont.)

User Entity & Behaviour Analytics

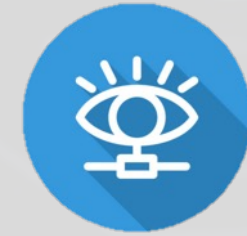

Network Behaviour Analytics

End Point Detection & Response

Multifactor Authentication

Network Visibility with SSL Decryption

Application Delivery Controllers

Network Access Control

Security Orchestration Automation & Response

Server Security

Cloud Access Security Brokers

Security Operations Centers & Incident Response

Zero Trust Networking and Micro-Segmentation

N-able Data Management Solutions

Data
Architecture

Data Lake

Hadoop | ELK | NoSQL

Data Ingestion

ETL | ELT

Master Data
Management

Data
Governance

Data
Quality

Artificial Intelligence
and
Machine Learning

Data Modelling
and Design

Data Warehousing
and Business
Intelligence
