

**Kevilton Electrical Products (Pvt) Ltd**  
**COMPANY PROFILE**

## Introduction

### Our Heritage

Kevilton Electrical Products (Pvt) Ltd an innovative and rapidly expanding electrical company in Sri Lanka, is a part of the industrial hub of the Capital Maharaja Group ([www.cmg.lk](http://www.cmg.lk)), one of the pioneering and multifaceted conglomerates in Sri Lanka. Kevilton products come to you from the "House of S-Lon"; the country's leading brand in PVC pipes and fittings; inheriting the rich legacy and a proud tradition of over sixty years in quality and customer care, from its parent company.

### Company Profile

Kevilton Electrical Products (Pvt) Ltd is one of the leading electrical companies in the electrical industry of Sri Lanka which provides comprehensive electrical product solutions for its customer's residential, office or industrial spaces thriving innovation as a core of its strategy delivering the brand promise of "Power to Innovate". Also, strives safety as an utmost priority from designing elements to manufacturing processes ensuring the highest protection in its product range where safety, reliability, quality, technology, innovation, and style have been the company's forte.

Kevilton is rapidly expanding which currently caters local market as well as exploring new opportunities to rapidly expand in the international market. Its diverse product portfolio offers customers a selection of electrical solutions, wiring devices, protection devices, lighting and accessories.

Kevilton maintains a key emphasis on innovation and superior quality, the entire range of Kevilton products are designed and tested to meet international and national standards including, IEC, BS and SLS. All the Kevilton wiring devices and electrical accessories are manufactured in Sri Lanka, at state-of-the-art facilities using quality systems certified by ISO 9001-2015. Kevilton has complete testing facilities and end-to-end quality assurance processes for all its products at its manufacturing plant in Sri Lanka.

# Premium range

One of our unique and elegantly designed Kevilton Modular series switches and sockets is specifically designed for customers who are passionate about luxurious, classy, and modern interior infrastructures. This comes in five attractive colors (Chrome, Platinum, Champagne, Ivory, and Jet Black), and is offered with the option of changing different frames with 25 color combinations of the switches according to the preference of customers.

Kevilton Nature series is another distinctive switch and socket range presented in Teak, Kumbuk, and Mahogany variations, which provides a touch of class aligned to nature where the exquisitely designed identical wood textures blend into your decor, creating a lasting appeal for your home or office interior.

Kevilton electrical accessories are made to stringent safety standards. Our entire product range complies with all local and international safety regulatory requirements. We consistently strive to set new industry benchmarks since user safety is paramount to us.

Kevilton is synonymous with quality. Our range of electrical accessories incorporate latest technology and superior manufacturing standards.

Through consideration of the market requirements, changing of consumer behaviour and lifestyle, we cater the innovative products, Service and Process to the market unparalleled by the competitors.

Kevilton products are meant to inspire you. Our products come in stylish designs to complement the interior and ambience of your home and office.

We are the leading provider of robust and dependable electrical accessories in Sri Lanka. Over the years electricians, engineers and interior designers have trusted Kevilton for innovative electrical accessories that enhance safety and productivity.

To optimize our product quality, we adopt the latest technologies and innovations, from initial design to assembly of the finished product. We utilize our industry experience and expertise to create superior quality electrical accessories at our state of the art manufacturing facility.
