Slack

WHY YOU SHOULD WORK WITH US

FIDENZ TECHNOLOGIES

Zero Dependency Delivery Model

Many companies get beaten up by, **locking into** software development service companies

Our process ensures you could **pull the plug on us at any time** and **move on from the next day onwards.**

Do Date a software dev service company, **Do Not Marry**

Our clients completely **rely on us,** but they would **not depend on us**

DELIVERED PROJECTS

fidenz TECHNOLOGIES

iOS

Tri-PAC Connect	Eutech Cybernetic Apps
Dirt App	CEA COpilot

GEM Fitness

KINETICOACH

Web

AVlancer

PaintBox

Horse Report

CEA COpilot
