# KITHUL BASED PRODUCTS

Sri Lankan kithul-based products are derived from the sap of the kithul palm tree. Kithul treacle and kithul jaggery are two popular products made from this sap. Treacle is a sweet syrup with a distinctive caramel-like flavor, while jaggery is a traditional sugar alternative, known for its rich taste and natural sweetness. These products are widely used in Sri Lankan desserts and beverages, offering a unique and delicious taste of the Island's natural sweetness.
