THE INFINITY OF NATURE  
MADE IN SRI LANKA

Our Story

THE INFINITY OF NATURE

## ABOUT US

# Our Journey

MAC Export Holdings was given credence to a passion to share the Infiniti of natural goodness of Sri Lankan food and beverages for the world. Affirming as an innovative agent for food and beverages we have expanded our span into the fields of organic food and beverage processing and exporting.

We believe in our dream of reinforcement local livelihoods related to agriculture and taking local nutritious goodness to all over the world.

## ABOUT US

# Who We Are

As a natural beverage inventors we believe the first onset to health and wellness lies in the raw goodness of fresh produce. The world is fighting a losing battle against non-communicable diseases due to intake of artificial and sugar added food and beverages, as a company we decided to interfere in our fullest capacity.

MAC Export Holdings receipts pride in the maximum quality Sri Lankan organic natural and healthy food and drinks.

Our innovative unique products categories have been carefully produce over years of fineness and innovation of Sri Lankan home mixtures, new technologies, imagination, and continuous research and development. All products have been tested over the years and personalize the customer based on nutrition & quality through high tech quality process.

We are planning to reach and operate globally recognized knowledge and processing partners certified with the world's best standards for food safety.

ABOUT US

# What we do

## Objective

Create a sustainable cultivation and food consumption ecosystem in Sri Lanka to reach to the global demand for organic and natural food and beverages.

We are investing for small scale organic cultivators for sustainable agriculture while registered as suppliers and provide technical training by our well experienced staff to enhanced healthy organic foods under global manufacturing standards.

## Vision

To build maximum value of the Sri Lankan natural product for world market

## Mission

Create sustainable natural beverage culture to bridge happiness across local farmers through continuous innovation
