## ABOUT CLINCO

**Clinco**  
Rubber Mouldings (Pvt) Ltd.

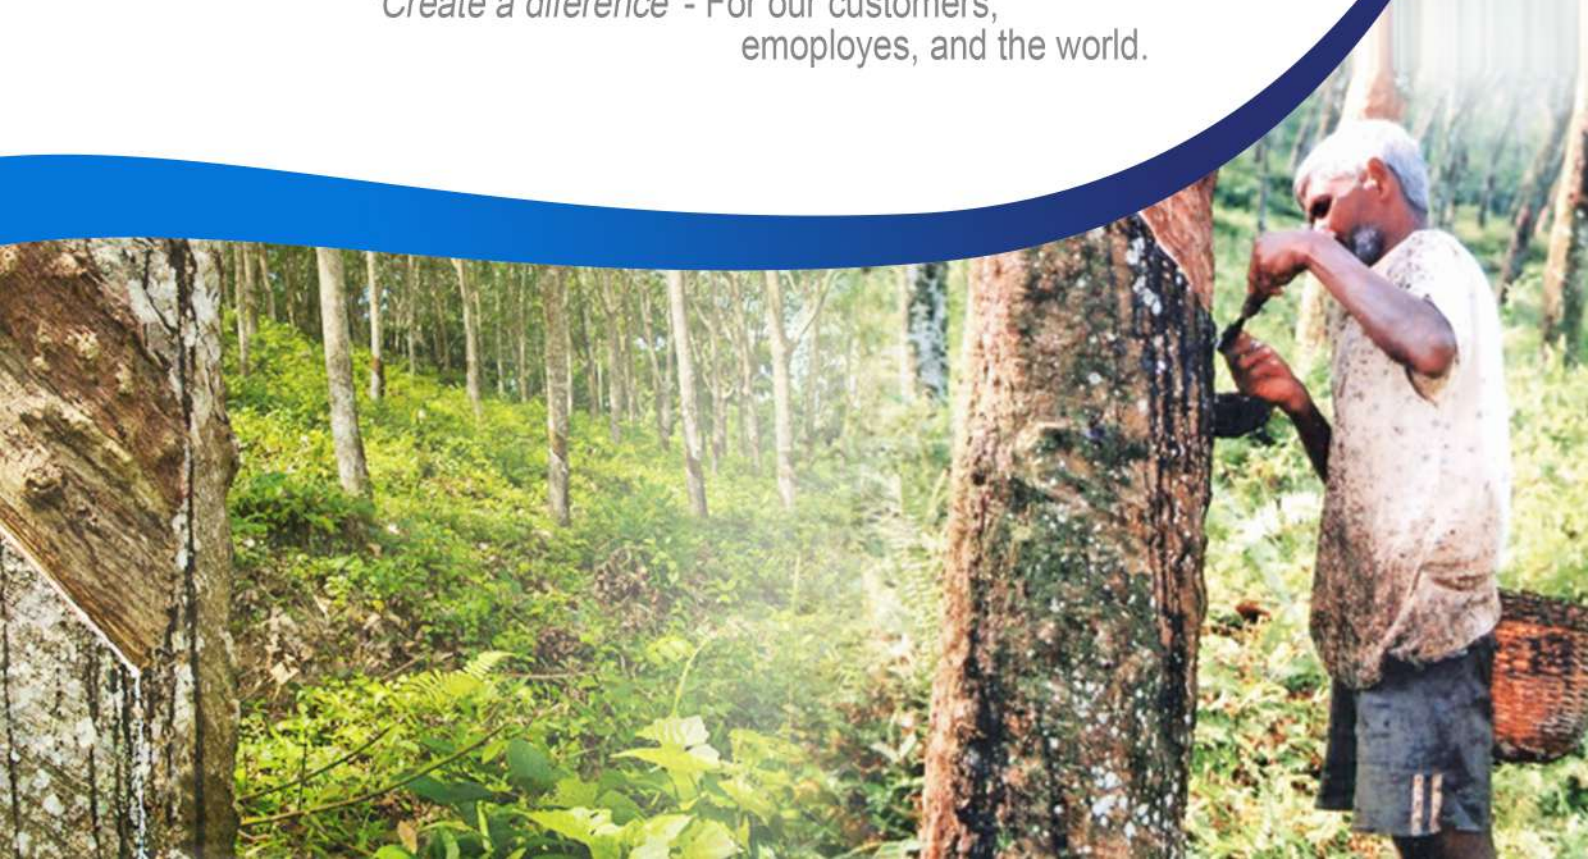

Clinco Rubber is a family owned limited liability company. We are proud to be in the industry for over 15 years. We manufacture and export a wide range of environmentally friendly moulded natural rubber products. The products are manufactured using compression and injection moulding techniques.

At Clinco we strive to create a difference. Hence, the products we manufacture adhere to stringent international quality standards. Also, we are flexible in our operations so that we can fulfill the needs of our customers. We believe in people, unity, integrity, responsibility and respect.

The star products of the companys' product portfolio include rubber plunger cups, rubber door mats, rubber ramps, steel laminated rubber pads, isolation pads, vibration pads, door stoppers & etc etc. Currently our products are exported to Germany, Belgium, Japan, USA, UK, Sweden, The Netherlands, etc.

### Our Mission :

*'Create a difERENCE'* - For our customers,  
emoployes, and the world.
