

Ceylon Exports & Trading (Pvt) Ltd is an ISO22000:2018, Organic, FDA and Halal certified manufacturer and exporter of coconut based products from Sri Lanka. We are registered under the Coconut Development Authority and Export Development Board of Sri Lanka. Our products are non-GMO, gluten-free and vegan.

We are located in the heart of Sri Lanka's coconut triangle, and currently export to 22 countries. Our registered factories have a cumulative monthly production capacity over 1000 tons.

Our brand - "Coco House" - was founded in 2018 by two sustainable farming and nutrition enthusiasts who believed that all consumers should have access to healthy and ethically sourced food. The Coco House range is certified organic, and supports the poverty alleviation program in Sri Lanka.

What is the brand's unique selling point ...

- A. Coco House is authentically organic certified backed by supply chain tracking and lab testing.
- B. Coco House sources its coconut solely from Sri Lanka's coconut triangle which is globally recognised for its appealing smell, taste and nutritional profile.
- C. Coco House supports sustainable and ethical value chain farming and processing, as supported by above industry pay scales.

Our team which consists of 50 workers prides ourselves on reliability and quality. We hope that you too will join us in sharing our mantra - health is wealth - and become a partner distributor and customer.

COCO HOUSE **Organic Extra Virgin Coconut Oil:**

Coco House Organic Extra Virgin Coconut Oil is produced from fresh and organic coconut harvests. The extraction process is temperature controlled below 60 celcius/140 faranheit and uses the expeller method to preserve the natural smell, taste and nutrients of the fresh coconut.

COCO HOUSE **Organic RBD Coconut Oil:**

Coco House RBD Coconut Oil is physically refined, bleached and deodorized with activated carbon and high heat steam. The product is free from gluten and chemicals.

COCO HOUSE **Organic Coconut Flour:**

Coco House Organic Coconut Flour is produced from the fresh white kernel of the coconut. Coco House Coconut Flour contains a high dietary fiber and protein content. Coco House Coconut Flour is gluten-free.

COCO HOUSE

Organic Coconut Sugar:

Coco House Organic Coconut Sugar is derived from fresh and organic coconut flower sap. Coco House Coconut Sugar is a plant-based sweetener with a low glycemic index.

The product is gluten-free.

COCO HOUSE

Organic King Coconut Water:

Coco House Organic King Coconut Water is prepared from fresh and organic King Coconuts. Coco House King Coconut Water is electrolyte-rich. The product is free from preservatives.

COCO HOUSE

Organic Coconut Cream:

Coco House Organic Coconut Cream is processed from fresh and organic coconut kernels. Coco House Coconut Cream is dairy-free and can be used to enhance the taste, smell and nutrient profile of a recipe. The product is free from chemical additives or emulsifiers.
