BRIEF OF COCO ISLAND – SRI LANKA

Nature has blessed Sri Lanka with an abundance of coconut palms. Many of the coconut plantations are located in an area called coconut triangle which is in the western part of the Island. However coconut grows in almost all the areas in the Island except in the hill country where the elevation from the sea level is more than 5000 feet.

SRI LANKA LOCATION MAP

WHO WE ARE ...?

Green Space International Pvt.Ltd Founded at the right time by a dedicated and innovative young team engages themselves to the worthy cause of making our globe a bio land. We are devoted to the task of manufacturing and exporting a variety of coco peat and coir based products. located in the heart of coconut Triangle and has grown in leaps and bounds over the years to be one of the top performing companies in the agriculture field in the world.

VISION & MISSION

To be among the TOP 10 most trusted & Bio friendly agricultural company in the world. & Valued for

- Trustworthiness
- Uncompromised Quality
- Grow with Community
- Bio friendly Innovation
- Ethical Business

WHY COCONUT PEAT, HUSK CHIPS AND COIR PRODUCTS FOR ANIMAL BEDDING

Coco peat is fast replacing all other sorts of animal bedding products world over and they come as

- Briquettes
- 5 kg / 4.5KG bales Or any other form according to your requirements.

FOR WHOM?

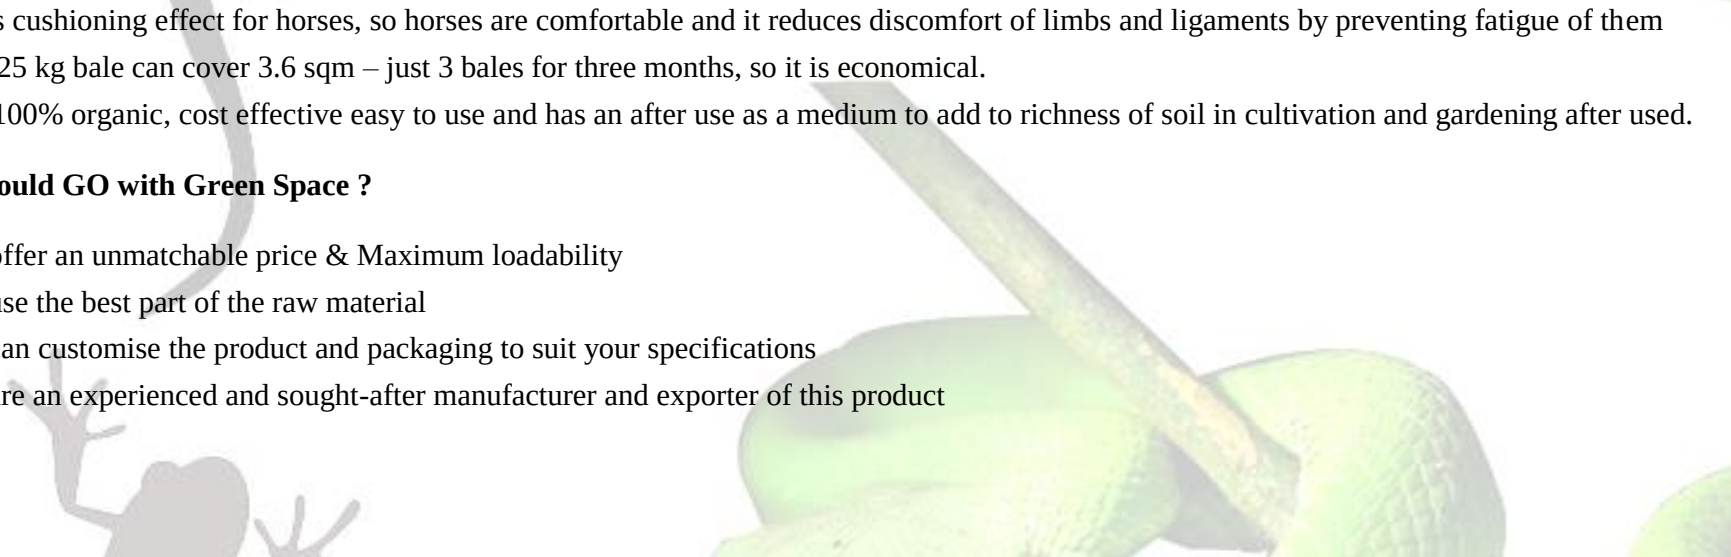

- For anybody who keeps horses
- For organic cattle farmers, Poultry farmers and rabbit farmers
- For those who keep Gerbils and Exotic animals as pets
- For those who keep Snakes, Frogs and Reptiles

WHAT ARE THE BENEFITS?

- It absorbs moisture better than any other bedding medium – 1 kilo can absorb 10 litres
- It is easy to lay and easy to remove and is without fine dust particles
- It carries no pathogenic agents
- It reduces pests more than 90% - no worms and has no bad odours
- It frees horses from breathing problems and is ideal for horses that are allergic to dust
- It ensures hooves' health by safeguarding them from infections of hooves.
- It has cushioning effect for horses, so horses are comfortable and it reduces discomfort of limbs and ligaments by preventing fatigue of them
- One 25 kg bale can cover 3.6 sqm – just 3 bales for three months, so it is economical.
- It is 100% organic, cost effective easy to use and has an after use as a medium to add to richness of soil in cultivation and gardening after used.

Why you should GO with Green Space ?

- We offer an unmatched price & Maximum loadability
- We use the best part of the raw material
- We can customise the product and packaging to suit your specifications
- We are an experienced and sought-after manufacturer and exporter of this product
