JAYANATH SPICES
CEYLON SPICES

OUR STORY

Welcome to Jayanath Spices, where heritage meets excellence in every grain. Since our inception in 1985, under the visionary leadership of Mr. Jayanath, we have been on a heartfelt mission to deliver the finest, garden-fresh spices from the lush estates of Southern Sri Lanka to discerning customers worldwide.

With nearly four decades of expertise, Jayanath Spices has grown into a trusted name synonymous with quality and integrity. This legacy is built on the dedication of our skilled management team and the unwavering efforts of our hardworking employees. Their shared values and relentless commitment have shaped our journey, making us a leading force in the spice industry.

As farmers ourselves, we intimately understand the passion and challenges of cultivating the land. This connection drives us to collaborate directly with local farmers, ensuring a seamless journey from their fields to your shelves. For many years, we proudly supplied premium-quality spices to top exporters in Sri Lanka. Today, we have taken the bold step of entering the global market under our own name, driven by a desire to share Sri Lanka's finest spices with the world.

Our deep industry expertise enables us to uphold international standards, ensuring that every product bearing our name represents unmatched quality. Through perseverance and a passion for excellence, Jayanath Spices has evolved into an award-winning brand recognized for its commitment to delivering only the best.

In 2024, we introduced our premium brand, CINAJAY, which reflects our heritage and aspirations. "Cina" signifies cinnamon, the heart of our journey, cultivated with care on our own farms, while also symbolizing "Smile" in Sinhala, echoing the joy our products bring. "Jay" represents our family name, Jayanath. Under the CINAJAY brand, we proudly offer a range of spices in premium packaging options such as paper canisters, glass bottles, stand-up pouches, and gift packs, catering to diverse needs and preferences.

At CINAJAY, we do more than provide spices; we deliver the authentic essence of Sri Lanka's agricultural heritage, nurtured with care and delivered with pride. From our farms to your table, we invite you to explore a world of flavors crafted through generations of dedication and expertise.

Experience the true taste of Sri Lanka with Jayanath Spices - a legacy of excellence, now shared with the world.

VISION

To become a globally recognized leader in the spice industry by delivering premium-quality, sustainable, and authentic Sri Lankan spices to kitchens and markets worldwide, while empowering farmers and preserving our agricultural heritage.

MISSION

At Cinajay, our mission is to:
