

MEGHA BUILD INTERNATIONAL (PRIVATE) LIMITED

Event Architecture

Company Profile

We are a Sri Lankan-based Company (Reg.N0.PV00260928) dedicated to creating perfect stands in expos. Our Head office is located in Homagama, Sri Lanka and our affiliated office is located in Germany. We are functioning across major expo locations (Germany, Italy, France,

Spain, UK, and Netherlands) and can offer a wide range of services including design, build, and logistics.

For more information please scan this QR code or click this link visit our websites <https://www.meghabuild.com/>

What we offer

We offer global solutions to ensure success in showcasing your brand and products. No matter how big or small your booth needs to be – we guarantee to get the most out of your business presence. We want to contribute our part to your company's success by a great trade fair outcome regardless of the size of your booth – we give everything to ensure this quality.

We turn the supposed chaos that comes with trade fair turbulences into a unique appearance and give it a significant memory effect.

Services we provide

Our services are based on the expo and we provide our wide range of solutions and services for expo presenters-Site Construction, Stand Design, Graphic Design, Consultation, Logistics & Storage and Showcase Event Production.

Business Partner

MalProC Snd Bhd is an international group of businesses, with its head office in Malaysia and subsidiary offices in Germany and the UK. Along with other associated services, activities include stand building, event management, advice, and trade of various items, mostly in Europe and Asia.

Through our subsidiary businesses, it has expanded into a variety of industries, including food outlets, beauty, wellness, and healthcare products, event management, consultation, and distribution of equipment and appliances used in the production of chocolate and other foods. MalProC is the European representative for a group of Asian home, garden, and office furniture and accessories producers because of our keen understanding of the European market. At European trade shows, they represent their principals through our connected office in Cologne, Germany.
