Company Overview

Ceylon Nutrinut Holding PVT LTD is a Manufacturer and Exporter of Organic Coconut Kernel, Coconut Water, Coconut Sap based value added products and natural coconut based cosmetics in Sri Lanka since 2016 as a subsidiary of Nawaloka Holdings Private Limited.

Nawaloka Holdings Private Limited is the mostly diversified business enterprise in Sri Lanka with the history of over than 60 years and expertise in Manufacturing, Aviation, Construction, Healthcare, Hospitality, Fuel, Timer, Industrial Machinery and Trading.

As a quality conscious manufacturer, we assure the hygienic and good manufacturing practices of all products manufactured. We have our own modern-state-of-art factory located in Kurunegala, North western province, Sri Lanka in the heart of the Coconut Triangle – where the real taste Ceylon Coconuts are well grown.

Our fully automated factory with dedicated, committed and highly qualified staff whose strictly follow and guide hygienical and quality assurance conditions from plucking to packing – nut to oil, has accredited with British Retail Consortium. Also, we are a certified producer for ISO 22000:2018, HACCP, GMP, Kosher and certified organic for Eu, USDA-NOP, and JAS. Also, we are FDA registered company.

We have our own innovative team whose contribute to improve and establish machineries and production process with modern technology.

As a company of Nawaloka Group we assure our capabilities of stability, continuous supply, on-time delivery, transparency in business transactions, flexibility, prompt response in business communication, competitiveness in pricing and assured quality of all products.

Currently we are exporting our premium quality products at a lowest price to our prestigious clientele in more than 40 countries including USA, Canada, UK, Belgium, Australia,

Bahamas, Netherlands, Japan, Chile, Romania, New Zealand, Russia, Finland, Norway, Lithuania, Israel, Egypt and Middle East, to leading supermarkets such as Carrefour, Yandix, Lulu, retailers, Distributors, bulk ingredient importers, manufacturers, cosmetic companies and many other industries in our own Nutrinut brand and many more private brand labels, by taking the advantage of automation, no intermediaries in between supply chains and assured quality of the products.

NUTRINUT PLANTATION MANAGEMENT

Ceylon Nutrinut Holding is engaging with managing its own organic plantations which give Certified Organic Coconuts and inter- crops to its Production. The Nutrinut Plantation Management system is working towards to establish integrated operation in value-added Organic Coconut Processing starting from our own plantations to our global distribution. Currently we are managing 1000 acres of Organic certified lands with Coconut and many-more intercrops such as Pineapple, Banana, Manioc, and Bee farming enabling potential income nearly 2,000 US dollars per acre from coconuts only assuring our own innovative, effective, and efficient scientific methods and standards. It causes to uplift farmers living style who engage in plantation operations as well.

COSMETICS RANGE

Natural Artisan Soap

Hair & Skin Oil

Good for Skin, Good for Planet

Nutrinut Natural Soap

Nutrinut produce natural coconut soap using Organic Virgin Coconut Oil, blend with 100% natural Ayurvedic herbals, sustainable plant based essential oils and natural fragrances which is totally free from all kind of harsh chemicals, pore clogging animal fats, lathering agents and synthetic preservatives.

We are not following commercial production process at all and all our soap products are handmade by Cold Process method in small batches.

Carefully selected natural ingredients are mixed at an extremely lowest temperature securing all the goodness and rich nutrition profile in every single ingredient. The well mixed ingredient batch going through a saponification process converting fats and oils to Fatty Acid Salt and Glycerol which are the most important component of a Natural Soap.

Then, hand poured mixture storing nearly 06 - 10 weeks to slowly cure, while naturally evaporating its water content and hardening into Mild, Long-Lasting, Rich Lather bars.

Nutrinut always ensure to follow Uniform, Consistence, Natural and Eco-friendly process to keep your skin happy and healthy while securing the environmental sustainability and healthier planet by preventing the use of harsh chemicals, synthetic ingredients, and Animal fats.
