Be an OREL Ambassador

HOW WE DO

We win at **OREL**, because we know what excellence looks like. We know what's expected from us and we have the resources and support to deliver it and in turn we support and provide resources and teach excellence to Team **OREL** to win and grow

We win with and for Team **OREL**, because we made our workplace, a site of valued relationships. We feel we are cared for by Team **OREL** and we care for Team **OREL** in turn

We commit for the longer term and volunteer our discretionary commitment to Team **OREL** because we know we can grow and have a future being part of Team **OREL**

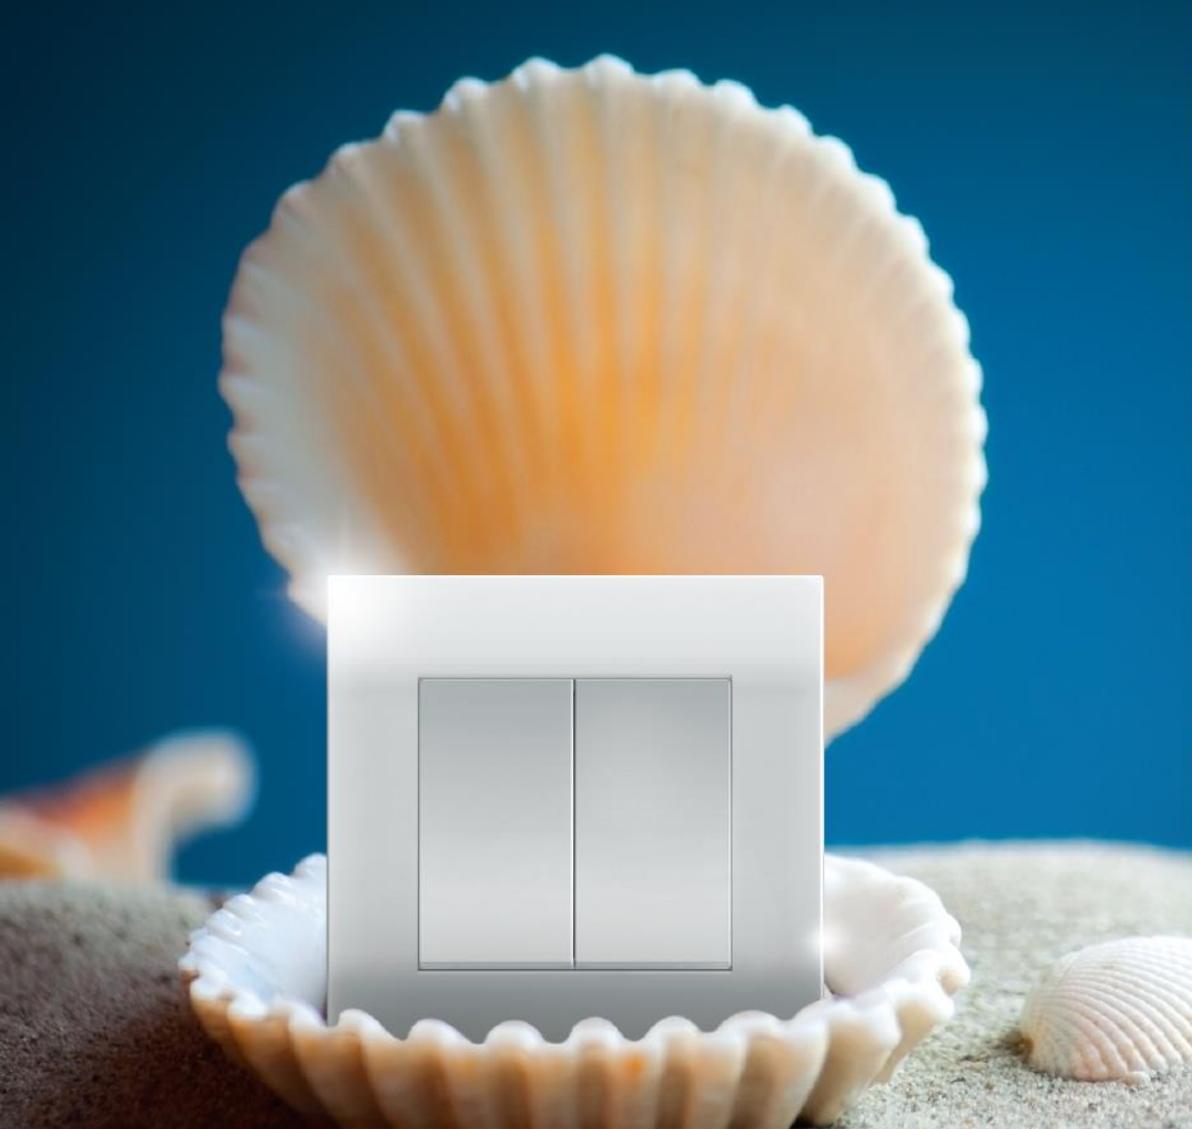

switching on **28 Countries**, across **6 Continents**

Scintilla's elegant design is one that compliments your desire to elevate the beauty of your home. The Scintilla collection comes complete with switches, sockets, dimmers, controllers, USB sockets, audio, video, data & telephone outlets.

Scintilla

Inspired by the sophistication that embodies the Akoya pearl, here is a set of switches and sockets that will enhance any interior and blend seamlessly with any surface. The range includes dimmer controllers, TV, telephone, data & USB outlets, key cards, shaver sockets, 'do not disturb' and 'make up my room' switches.

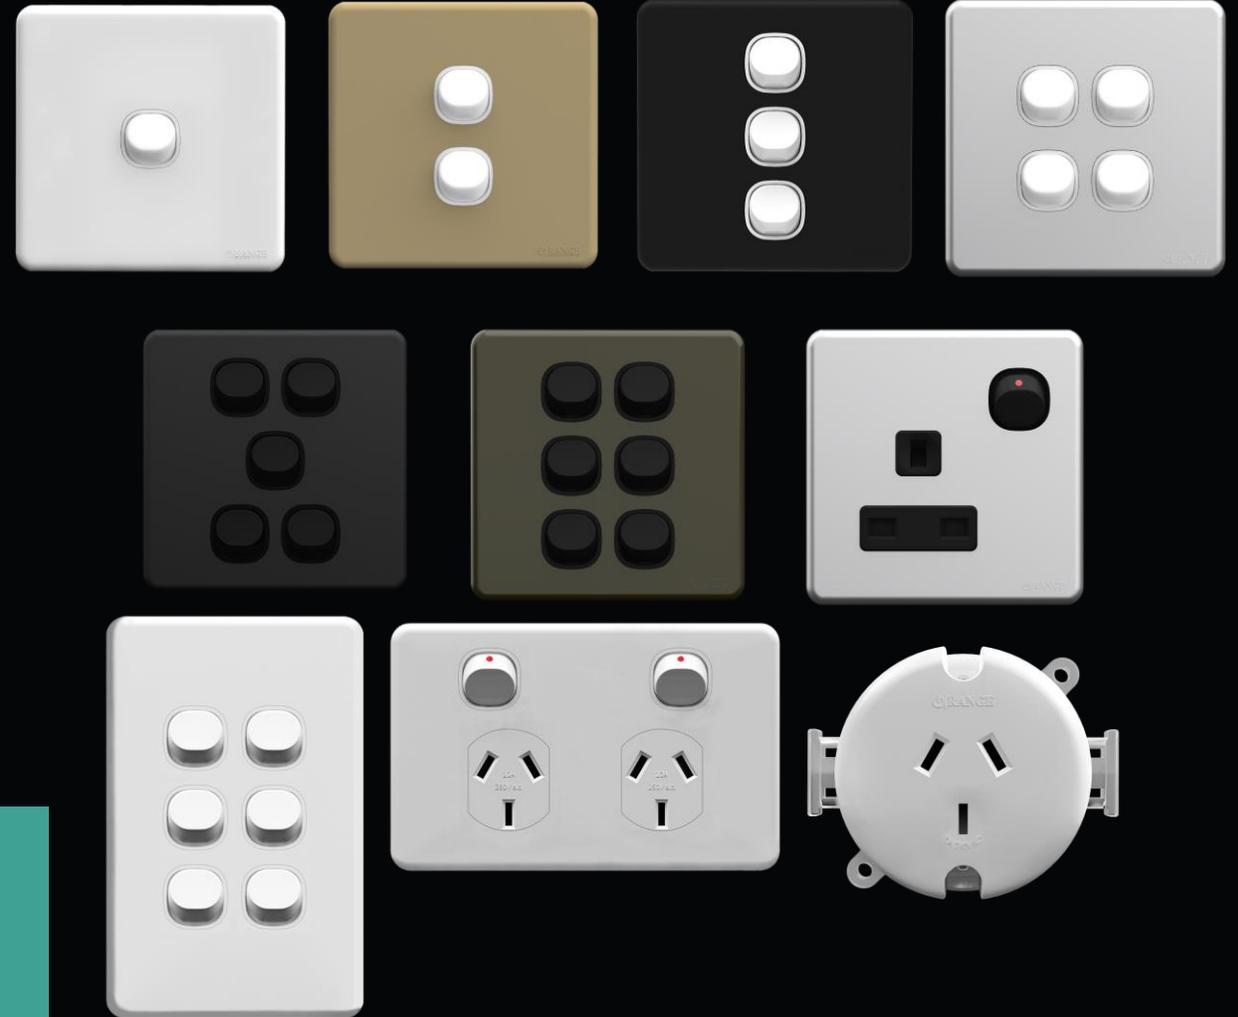

Akoya

Specially designed for the Australian market, the Enigma range offers high quality switches and sockets that meet international standards. Crafted with high impact, flame retardant polycarbonate plastic fittings, the Enigma range incorporates semi-modular switch mechanisms and multi-gang capabilities guaranteed to meet the most demanding commercial and residential design requirements.

Enigma

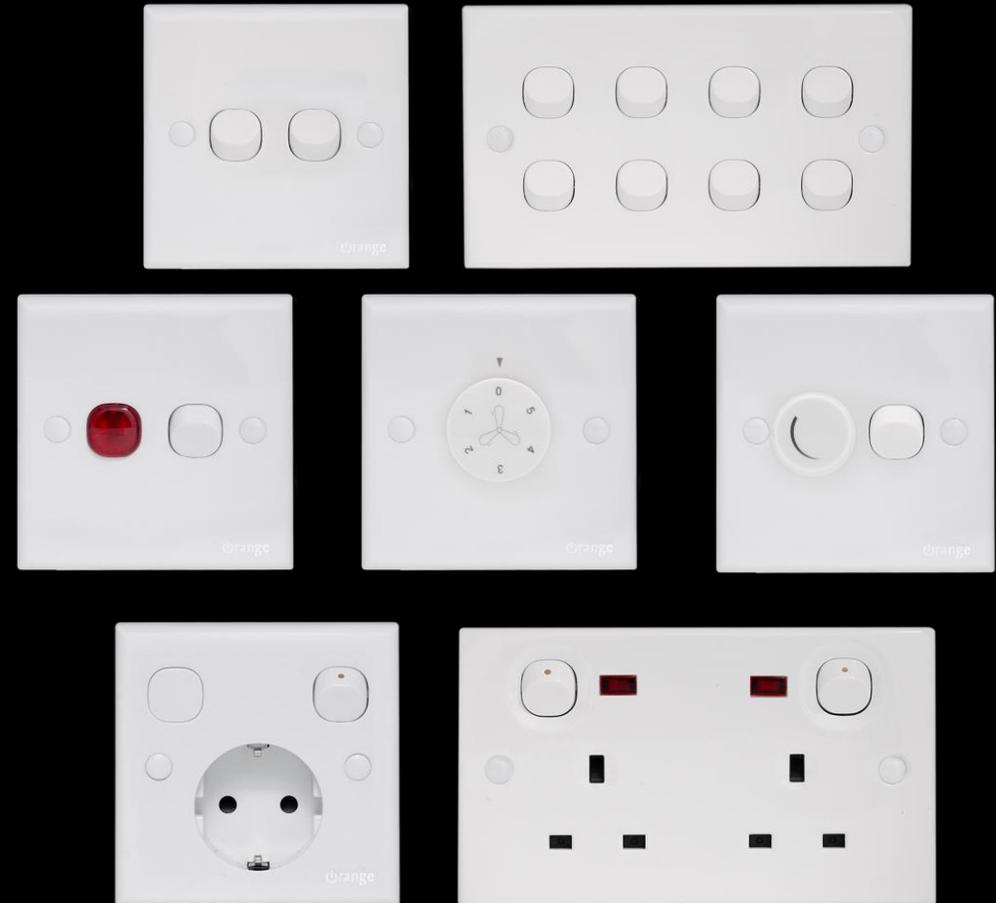

Ornate, like the city it's named after, Monaco adds a sense of vibrancy to any space it adorns. The range includes specialty switches, key cards, shaver sockets, 'do not disturb' and 'make up my room' switches.

Monaco

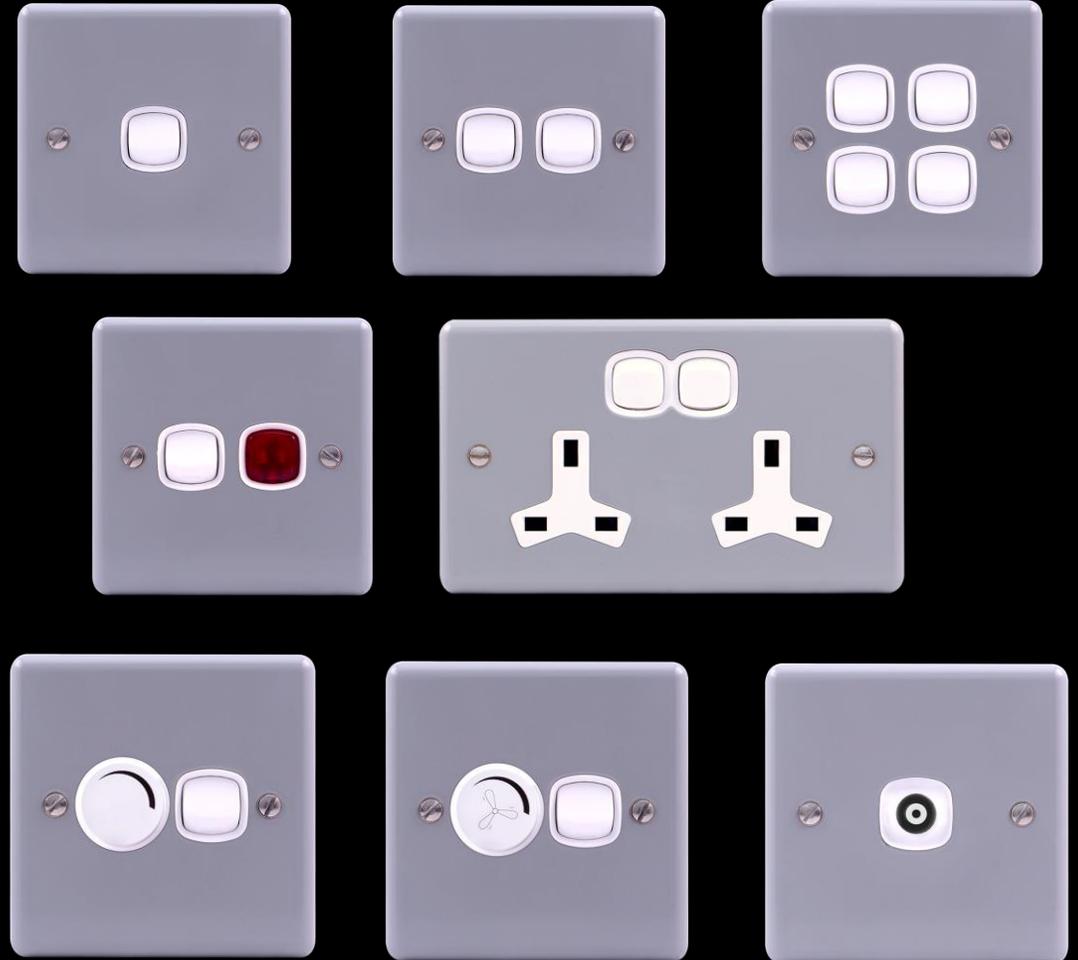

Casablanca

The Casablanca range offers high quality Switches, Sockets, Controllers, TV, Telephone, Data, USB & Flex Outlets that meet international standards at an affordable price. Crafted with high impact, flame retardant polycarbonate plastic and brass fittings, the Casablanca range incorporates semi-modular switch mechanisms and multi-gang capabilities guaranteed to meet the most demanding commercial and residential design requirements.

Metal Clad

The Metal Clad Range is designed specifically for Industrial use. The fully powder-coated surface withstands harsh environments. Each unit has an earthing capability to increase safety, exceeding international technical performance standards

Circuit Protection

Orange Electric miniature circuit breakers offer superior performance and conform to the highest industry standards. Our range comes complete with both metal and plastic distribution boxes.

Allied Accessories

The same stringent quality control process that goes into the manufacture of Sri Lanka's no 1 Switches & Sockets and Circuit Breakers, go into the manufacture of robust Electrical Accessories such as Plug Tops, Mounting Boxes, Trailer Sockets, Adapters, Converters, Holders and Ceiling Roses.

Lighting

New Revolution in Lighting

Cables & Wires

ORANGE Electric Cables manufactured under stringent quality control measures under surveillance of a competent team of technocrats and quality enablers. Continuous Product Innovations and cutting-edge R&D at OREL in-house labs is what contributes towards constant evolution in our offerings and services while have been accredited and certified by many reputed Testing Agencies. All ORANGE Electric Cables and Wires are made using Oxygen Free refined Sri Lankan Copper as an import-substitute.

Sparta floor sockets have been tested under the most adverse conditions to guarantee superior performance under any circumstances.

Sparta

Atlantis

Choose from an extensive collection of weatherproof plugs and sockets ranging from 13A to 63A. Made using impact resistant engineered plastics, all products comply with CE standards and are aesthetically pleasing to use in any outdoor application.
