The sap collection center and treacle processing center established in Neluwa. The second factory located at Bemmula, Gampaha to manufacture value added kithul related products such as Kithul Jaggery slab and cubes, kithul spread and kithull cashew.

All products are suger free, and no added preservatives. Around 40 plus direct and indirect stakeholders are gaining the economical benefits from the company.

we are striving to reach new heights with continuous efficiency improvements, research and technological advancements. This is so that our customers benefit with the best value for money goods.

Natural Goodness

Low Glycemic Index (GI):

Compared to cane sugar, kithul jaggery raises blood sugar more slowly; a stable energy source.

Rich in Nutrients

Unlike refined sugar, kithul retains minerals (e.g., potassium, magnesium) and vitamins.

Digestive Benefits:

Consumed post-meal, jaggery can aid digestion and promote gut health.

Antioxidant Properties

Kithul treacle contains antioxidants, combating oxidative stress and potential chronic diseases.

Natural Production

Kithul processing is more natural, potentially resulting in no additives or contaminants.

Cultural/Economic Benefits

Supporting kithul helps preserve cultural traditions and boosts local economies in harvest regions.

Good for People. Good for the Planet.
