

# SWADESHI

Rejuvenating beauty with ayurvedic herbs  
from Sri Lanka, the herbal garden of South Asia.

Sri Lanka, an island bountiful with nature's most precious treasures and herbs, is celebrated for the age-old traditions of ayurveda. The herbs and practices that have been used in the Ayurvedic lineage for over 5,000 years are precisely preserved and proudly followed to this very day.

Swadeshi, the pioneer in herbal personal care products in Sri Lanka, has carried forward this inherited tradition for over 80 years successfully. Ever since our humble beginnings in 1938, our focus has always been on providing the best of nature to our customers.

The ancient systems of natural wellness, balance and skincare along with our expertise and our purpose to deliver nothing but the best to our customers have helped us sustain leadership position in this genre.

Our flagship products - Rani, Khomba and Khomba Baby were the first herbal soaps to be introduced into the Sri Lankan market, and have continuously been the market leaders since then. Our passion for innovation is always backed by insightful research, development and investment in advanced technology,

The Swadeshi Industrial Works PLC, is an ISO 9001:2015 International Quality Management Certified Company from the Sri Lanka Standard Institute (SLSI).

## CSR Projects

Doing what's right for the Community

### Environment projects

### Protecting our heritage & culture - Lighting Ceremony

### Providing safe drinking water and educational material to rural communities and schools

### **Margosa**

*Azadirachta indica*

Kohomba (Margosa or Neem) is found in India, Myanmar and Sri Lanka. The Kohomba seed contains margosa oil. Kohomba oil an active herbal ingredient of Khomba soap has powerful cleansing properties not only does it keep skin healthy but it also cleanses the body of all external impurities.

### **Sandalwood**

*Santalum album*

Sandalwood is commonly found in India and Sri Lanka, growing at altitudes of 4,500 feet. White in colour from the exterior, it transforms into its more familiar reddish hues once cut. A recognized skin freshener, sandalwood helps to smoothen and soften skin, leaving it healthy, radiant and odour free.

### **Aloe vera**

Komarika or aloe vera is found in India, Pakistan and the dry zones of Sri Lanka. The gel, which is extracted from the pulp of the Komarika leaves is used to moisturise and cleanse skin. It is also a popular hair revitalizer.

### **Calumba Wood**

*Coscinium fenestratum*

Venivelgeta or calumba wood is found in both Sri Lanka and the western and southern forest areas of India. The leaves, flowers and other parts of the creeper are used as a traditional ayurvedic skin care treatment to enhance the complexion of the skin.

### **Turmeric**

*Curuma longa*

Turmeric is found throughout Sri Lanka. The beneficial properties of the plant are found in the rhizomes. It is popularly used in skin and facial application, which result in a clear, fair and radiant complexion.

# Sandalwood *Santalum album*

Used by royalty in the east for centuries, “ sandun”, better know as Sandalwood is an essential ingredient of many Ayurvedic medicinal remedies. Sandalwood has been the traditional beauty secret of woman for centuries. Sandalwood’s special qualities protects and enhances the skin complexion. The oil extracts from sandalwood were used as an exotic perfume by queens and princesses. It is used as an antiseptic and removes tan and dark spots from the skin
