Organic Vanilla Beans & Powder

Organic Vanilla is considered one of the most expensive spices in the world because it is so labor-intensive to produce. These pods contain vanilla seeds, which are used in many recipes, when dried. Blanched and sun dried pods are called vanilla beans which are used to prepare vanilla extract, powder & sugar.

- Vanilla Beans
- Vanilla Powder
- Vanilla Extract.
- Vanilla Sugar

Organic Vanilla Extraction

Vanilla extract is made by vanilla pods in a solution of ethanol and water which can improve smell. It is widely used in cosmetics, tobacco, cake, candy and baked food industries.

Organic Ceylon Cinnamon

Ceylon Cinnamon, also known as true cinnamon, is taken from the inner bark of the cinnamon tree. We can offer,

- Alba, C5, C4,M5,M4,H1,H2, Sticks
- Cinnamon Chips
- Quilling's
- Powder

Organic Clove

Cloves come from the charred buds of an evergreen tree that's native to Indonesia, Sri Lanka, India and such tropical countries. They are very much used for making traditional Ayurvedic and Chinese medicine. We have

- Handpicked
- Stems
- Grade no.1 & 2
- Faq.

Organic Black Pepper White Pepper

Black pepper, also known as the 'king of spices' is a commonly used spice. We have 550GL and more quality. Although it gives a mild spicy flavor, it is derived from a type of berries called peppercorns. Small but spicy

Organic Nutmeg & Mace

Nutmeg and Mace are two different spices derived from the same tree where the seed in powdered form is known as nutmeg and the seed covering is known as mace. We have nutmeg,

- With shell
- Without shell

Organic Ginger & Turmeric

Unlike most spices, ginger is the root of its plant of a plant that is mostly found in tropical countries. Also, Turmeric helps the immune system fight off infections. We can offer turmeric & ginger in,

- Powder

- Dry

Organic Ceylon tea

Sri Lanka is, without a doubt, the number one tea exporter in the world. Since the historic days when the British ruled Sri Lanka, tea has been of great demand.

Organic Coconut oil

Coconut oil is growing in popularity as people learn how beneficial it is for their health and appearance. However, coconut oil has been a part of life for many Asian cultures for dietary purposes. Coconut oil in the right amount has many health benefits and is especially used in herbal medicine

Organic Coconut Chips

Our coconut chips are made from the meat of coconut trees in Sri Lanka. They are sliced and dehydrated to create this healthy dessert. Coconut chips have a naturally sweet taste and contain essential vitamins and minerals. Coconut chips add crunchy texture and tropical flavor to your favorite cereal. They can be used in a variety of recipes such as smoothies, cookies and breakfast bars.

Organic Desiccated Coconut

The cocoons of coconuts are dried and then shredded to produce coir through a dehydration process. It is useful in many dishes, especially desserts, because of its fine texture and the coconut flavor it imparts even when dry.

Organic Coconut Milk

Coconut milk comes from grated coconuts. Coconut milk has a tropical flavor and mild coconut aroma, with a rich buttery flavor unlike anything else. It serves as a perfect exchange for dairy products for people with lactose intolerance. One of the most important ingredients in Sri Lankan curries, coconut milk can be found in every Sri Lankan meal.

Organic Coconut Water

Organic coconut water is the essence of the coconut. It is sweet, does not need additives to change its taste and excellent thirst quencher. Coconut water can also be used as a substitute for saline because of its sodium content.
