VENTURE TEA®

About VENTURE TEA

Sri Lanka is the home for finest quality premium CEYLON TEA, also known as the champagne of tea. Operating directly from the source of fine quality tea, Venture Tea, currently ranks among the Top 20 premier tea exporters of Sri Lanka. The company prides itself on being one of the main exporters of tea to China and Taiwan, while also exporting premium products to number of other countries in Europe, America, Australia, and the Middle East.

The unique flavour of Venture Tea is derived from the finest, freshly plucked tea leaves, from the highest quality plants from lush green mountains of the central highlands. At the heart of company's mission is to ensure

that every customer can delight themselves with the perfect cup of Ceylon Tea, steeped with the unique Venture Tea flavour that is celebrated across the globe. In addition to our internationally acclaimed, Tarlton label, Venture Tea is also committed to provide customers with the ability to utilize our Private Label OEM services. Established in 2005, Venture Tea supplies highest quality teas to 45+ countries across the globe.

Our commitment for the safety of the consumer is reflected by the quality assurance framework in place to ensure product safety, integrity quality & legality as stipulated by FSSC, BRC, ISO 22000:2018, HACCP, & GMP international standards.

Our Services

Over the past few years, Venture Tea has extended its services across multiple mediums, including bulk purchases, private label OEM services, and branding.

BULK PURCHASE

The pure Ceylon Teas produced by Venture Tea are obtained from some of the finest tea gardens in the misty hills in the central mountains. We are proud that our teas are still handpicked. No machine can take the place of those exquisitely talented fingers to make sure only the two tender leaves and the bud is picked which essentially gives the deliciously refreshing taste. Meeting rigorous international quality standards & certification requirement, Venture Tea's commitment to continuously maintain high quality production standards have ensured that every sip of Venture Tea meet and exceed the expectations of the most demanding tea connoisseur.

PRIVATE LABEL

Today, Venture Tea is recognized as a leader in private label OEM tea exporters for Sri Lanka. The company provides an array of services to support high quality innovative tea products backed by packaging, designing, blending, marketing to the highest international standards. The service offers a range of options that can be customized according to the private label requirements. Our "one-stop-shop" OEM products include Loose tea in boxes, metal tins, Alu pouches, Glass Jars, Paper Canisters and Tea bags in Double or single chamber tea bags with or without envelopes, premium silken triangle pyramid tea bags as well as metal free tea bags.

Certifications

In affirming Venture Tea's unparalleled commitment to process excellence, the company has been recognized by a number of leading agencies with the following world-renowned certifications

Lion Logo

The Lion Logo guarantees that the packaging contains 100% Highest quality Pure Ceylon Tea packed in Sri Lanka.

BRC

The BRCGS Global Food Safety Standard provides a framework to manage product safety, integrity, legality and quality, and the operational controls for these criteria in the food manufacturing, & processing industry.

Factory

Nestled in a scenic terrain a few miles away from the Colombo sea port, The Venture Tea main factory and warehouse complex are the engines that produce Venture Tea's quality premium tea products to meet the highest export quality standards. The production process is fuelled by over 120 dedicated skilled employees whose livelihood is enriched by the valuable work they do to produce and showcase Sri Lanka's finest tea to the world. A major part of the company's success is due to the factory and its warehouse employees. The staff's hard work and dedication to meet and exceed the required international quality standards has been validated time and time again by Venture Tea's global success story. A true testament to their commitment resides in the positive reflections and the level of trust and loyalty that our clients exhibit in their relations with Venture Tea.

Equipped with state-of-the-art machinery and technology, the factory and warehouse facility operate at an efficient production level by always maintaining high volumes at a sustainable pace without compromising on the quality of the final product. Every aspect of the production process is monitored and is subjected to centralize reporting. This enables a thorough understanding of the process which in turn helps to maintain a steady flow in production by adhering to the highest Quality Control (QC) and Quality Assurance (QA) procedures.

Knowing that Ceylon Tea is celebrated worldwide as a natural mood elevator, Tarlton Tea harnesses this fact and recreates this phenomenon with a twist.

Tarlton Teas are designed and manufactured to fit every mood and desire of the consumer. The successful launch of this brand is evident in that, today, it is being exported to and sold in over 45 countries across the world.

Thus, unique high-quality brand offers the consumer with over 100 assortments of tea which are packed in the form of tins, tea caddies, packets and tea bags. The extensive variety of products from Tarlton Tea caters to both the established traditional market, as well as to more younger and adventurous consumers who seek a novel twist to the more traditional flavours of tea available in the market. Through the power of its branding, Tarlton Tea has been able to achieve success even in non-tea drinking markets.

Tarlton Tea is also designed and manufactured to reflect the endless possibilities of flavours derived from pure Ceylon Tea. Further, they encompass the exotic flavours of tropical fruits, spices, herbs, flowers, and even boast a combination of all these flavours in one, to take the consumer on a memorable tea journey.
