RICH HERITAGE
Since 1867

Sri Lanka, an island in the Indian Ocean and located in the south of the Indian subcontinent, was also known as "Ceylon" during the time of colonial rule.

This entire stretch of land encompasses beautiful tropical beaches, verdant vegetation's, mountains of cool climates and ancient monuments. Sri Lanka is also renowned for its warm, smiling & hospitable people with a long tradition of rich heritage.

In the midst of these idyllic settings, the name "Ceylon" is synonymous with the high quality tea producers. The cup of tea which delights all tastes has come to stay since the pioneering Scotsman by the name of James Taylor, originally planted it as a commercial crop in the year 1867. Since then "Pure Ceylon Tea" became famous the world over as the finest natural beverage on earth and is consumed in every part of the world.

Today, Sri Lanka (Ceylon) takes pride in its achievements as a leading producer and exporter of tea to the world. It is also proud to claim that as per the recent findings of the FDA (food drug authority), Ceylon Tea has been certified as the cleanest Tea in the world.
