

## **Gemmological Research Symposium-2023**

Organized by Gemmologists' Association of Sri Lanka (GASL)

Call for Abstracts

The research symposium is planned to offer an opportunity to present the research findings of the academics, postgraduate students and researchers in government and private organizations in diverse multidisciplinary research areas. Gemmological Research Symposium-2023 will be held on 02<sup>nd</sup> December 2023 at Colombo.

GASL is pleased to invite the following personnel to submit abstracts for oral presentations.

1. All Current University students
2. All Postgraduate students (MSc./M.Phil. and PhD)
3. Any Academic/administrative staff member
4. Any government, private organization or individual researcher

The research should be covered gemmology in the following areas

- Enhancement of gemstones
- Lapidary
- Jewellery
- Geology and occurrences
- Recent findings of gem varieties
- Socio- economic aspect

The deadline for submitting the abstract is on 20th October 2023. The abstract preparation guidelines can be downloaded from official website of GASL. Duration for the oral presentation will be limited to 20 minutes including 5 minutes discussion period.

The abstract that does not comply to these guidelines will not be considered for further review/publishing. And decision of selections is on Gemmological Research Symposium Panel. The GASL will not bear any expense for submitting an abstract. Abstracts should be submitted to following e-mail address: [jewels.gasl@gmail.com](mailto:jewels.gasl@gmail.com).

The deadline for submitting the abstract- 20th October 2023
