Overview

The International Apparel & Textile Fair (IATF) has evolved as a leading platform in the MENA region to source and showcase the best in textiles, fabric, footwear accessories and prints from renowned mills across the globe. It enables companies to showcase their products to new and established retailers, wholesalers and manufacturers, and to increase brand identity. IATF attracts the world's leading print design studios, with collections from premium designers on display while textile machinery businesses exhibit their versatility. The event also showcases footwear, fashion and innovation, and leather goods and accessories from around the world. A 'trade-only' event, IATF maintains a highly professional ambience that is conducive to lucrative business.
