Overview

INFOFISH is the leading source of marketing support for fish producers and exporters in the Asia-Pacific - a region which includes some of the largest fishing nations in the world. Its activities include bringing buyers and sellers together, the publication of current and long-term marketing information and operation of technical advisory and specialized services. In addition to organizing exhibitions, conferences, workshops, seminars and training programs, INFOFISH undertakes consultancies on all aspects of fisheries - pre-harvest, harvest, and post-harvest.

The conference is bringing together the world major ornamental fish supplying nations, exporters, buyers, relevant trade organizations, government institutions, professionals etc. to discuss current issues and challenges in the industry. Participants will have the opportunity to interact in several sessions on trade and markets, market access and barriers, farming and fish health, as well as marine ornamental fish breeding and rearing. The major pillar underpinning these discussions will be sustainability, in recognition of its importance for the future of the industry.
