FOR
JEWELRY
WATCHES
AND
GEMSTONES

Overview

The INHORGENTA MUNICH is an international trade fair for jewellery, watches and lifestyle and can now confirm its role as one of the leading trade fairs in the sector. The annual exhibition is open to trade visitors only. At the Inhorgenta exhibitors show the latest jewelry and watch collections for the coming season. Exhibitors include watchmakers, goldsmiths and silversmiths, appraisers, gemologists, mineralogists, jewelry designers, engravers, opticians and electroplating companies. At the diverse stalls of the exhibitors a variety of insights into the latest trends, products, developments and technologies are given. In addition, a comprehensive program consisting of numerous seminars and panel discussions on the topics of watches and jewelry rounds off the event. At the lifestyle forum Tends & Vision, a separate area for innovation, new features and visions, will be built bridges between design, science, art, fashion, film and architecture. The Couture Pavilion shows the fascinating world of luxury. It is the glamorous center of international design brands in the luxury class and completes the offer of the fair perfectly.
