EXPAND YOUR HORIZONS

Overview

Print East Africa is the only exhibition and conference in the region that is purely dedicated to the printing sector. Bringing together industry leaders and some of the largest global brands, it is the premier event of its type and an unrivalled platform for potential buyers, distributors and end-users. Print East Africa will focus on digital, offset, screen, textile and 3D printing, bringing new technologies into the market and helping grow and improve efficiency within the sector. With high visitor turnout, fantastic visitor quality and a wide range of products and machinery, the event was hailed by all those involved.
