## Pak Kret, Thailand

### Overview

Printing and Packaging Expo (PT Pack), Thailand's most advanced printing and packaging exhibition where you will see innovations, expansion of new products and services, and learn business developments in the printing and packaging industry. It offers bigger opportunities to success embracing wider markets for printing and packaging and providing excellent services to the industries. Advanced technologies, equipment, processes and services, seminars and workshops in the field of printing and packaging will be showcased at the exhibition. PT Pack is mainly aimed at printing industries, packaging industries, publishers, advertising and media groups and even signage industries.
