

  
**Pneushow**  
São Paulo, **Brazil**

**MARKET'S  
BIGGEST  
EVENT**

### Overview

PNEUSHOW – International Tire Industry Expo, simultaneous to Expobor – International Rubber Technology Show, showcases products, machines, solutions and innovations that contribute to all stages of a tire's life, including manufacturers, resellers, retreaders and transporters. Every two years, this broad conglomerate gathers to transform, develop and cooperate with the future of a more sustainable society through technology on wheels. Exhibition, networking, business, congresses, seminars, lecturers and special projects with academic entities, complete the experience and make Pneushow the meeting point of the tire production and retread technology.
